

Create Your Own Activity Dice

Use the attached template to create your own Activity Dice!

Instructions:

Print the attached template to create your dice.

Think of a fun activity that you like to do with your family, and write that on the blank space on the template where it says "Write a Fun Activity Here"

Cut out the template along the solid black lines, and fold along the dotted lines. Use tape or glue to hold your activity dice together, tucking the gray tabs inside the cube as you go.

Roll the dice, and find out what fun and funny activity you and your family are going to complete!

Feel free to roll the dice as many times as you want for a special day with your family.

Draw a picture of something outside your window.

Build a fort or hide-away with pillows and sheets.

Visit a museum. Check out a museum pass from the library.

Ask a loved one to share a favorite holiday or wintertime memory.

Sing and dance along to your favorite song.
